- Looking for a day trip over the holiday? **There is a lot to see in Regensburg.** Founded by the Romans in 179 AD as Casta Regina (meaning Fortress by the River Regen), Regensburg was relatively spared from Allied bombings during World War II and is popular for its intact old city and many medieval structures. Between sites such as the 12th-century Stone Bridge (used by Crusaders en route to the Holy Land); the Regensburg Cathedral (or Dom St. Peter which is one of southern Germany's finest examples of Gothic architecture); the 11<sup>th</sup> century Scots Monastery, (the former Benedictine Abbey of St James, founded by Irish missionaries); the one-time residence of Oskar Schindler (of Schindler's List); to the famous Historische Wurstküche, (opened in 1146 AD and believed to be the oldest continuously open public restaurant in the world), there is a lot to experience!
